Multivision IPO at 23 cents

MULTIVISION Intelligent Surveillance, a provider of digital video products and solutions, is raising \$16.1 million in an initial public offering.

Hong Kong-based MultiVision will sell 70.1 million shares at 23 cents each, 10.5 million shares to the public and 59.6 million shares to private investors. The subscription will close on Dec 16. Trading on the Singapore Exchange's main board is expected to begin on Dec 18. — *Bloomberg*
